Re: Transfer of Radioactive Materials Licenses  
950-0139, 955-0139, 210-0090

Dear Mr. Bradley:

In accordance with a conversation between Richard Tisch and you on April 10, 1986, this is to advise you that Union Carbide Corporation's subsidiary, Umetco Minerals Corporation, intends to transfer its assets and then lease back to United States Vanadium Corporation some property at 137 47th Street, Niagara Falls, New York. Upon transfer, United States Vanadium Corporation will assume responsibility for compliance with the above referenced licenses. We request that the Department of Labor consent to the transfer of such licenses.

Please advise Mr. Craig Wentzel, Plant Manager at the Niagara Falls plant, of the approval of such transfers or call him at 716-278-3440 if you have any questions in this regard

Very truly yours,

UNITED STATES VANADIUM  
CORPORATION
